this. Martha is at the girls came
about 4:30 Sunday. she went
to Wallace's for a walk to see
the children. Guess she and
Helen have great times at home.

Eddie Mayey has his finger
amputated today. sorry for him
as it means his hand later most
likely. I see when Mrs Pierson
is dead one of our old neighbors
and Harold Pierson's grandmother.

Your letter from Russell Jones
came Monday and I opened
it as pop was here and wondered
what he had to say so we saved
you the trouble of sending it
back. Pop is well pleased with
the cows they keep gaining on
the milk.

Guess I have told everything of
interest which comes the last few
days. Study hard and try to
come out alright. With love
from us all
Mother.
